

PROJECT 1000 **MISSION CHURCHES**

... Building 1,000 Mission Churches Amongst the Unreached People Groups in Northern Nigeria.

PROPOSAL

BACKGROUND

Destoryed Church Building by Boko Haram in Pulka , Borno State

Brethren worshipping God under Open Heaven in Giwi, Borno State

Brethren worshipping God under this mayshiftroof in Bauchi State

Over the years, Northern Nigeria has been plagued with insecurity challenges, namely: Boko Haram in the North East, banditry and kidnaping in the North West and North Central, Militant Herdsmen and terrorism in the Middle belt. The activities of these terrorists have crippled evangelism, impeded the growth of the Church, and threatened the existence of the body of Christ in the region. Many Churches have been burnt down, some demolished, Missionaries killed and entire Christian communities displaced.

The plight of insecurity is compounded by a state of extreme poverty and underdevelopment in rural areas of Northern Nigeria, which is about the worst-case scenario in the world.

Prior to the understanding of the depth of the situation in the missions' fields, the Lord had led me both to engage in missions efforts and support missionaries working among the unreached people groups.

Our Brethren from Gilbani, Kebbi State worship in this place

Our Brethren from Kantigwo, Gombe State worship under this Tree come rain or sunshine

God glorified Himself by helping us build several churches in the Northern Nigeria and other parts of the nation, through the support of individuals, organizations, and ministries who were touched by our efforts among the unreached people groups. So far, by the grace of God, we have facilitated the construction of over **25 missions churches**, organized over **200 missions outreaches**, and **thousands of souls have been saved, including Idols worshippers and muslims.**

This document is my proposal to build **1,000 Missions Churches** and provide support for missionaries working among unreached people groups in Northern Nigeria.

This will solve the challenges early stated

OBJECTIVE

1. To build 1,000 churches and parsonages, to serve Christians in unreached people groups in Northern Nigeria.
2. To provide 1,000 motorbikes for the Missionaries.
3. To provide financial support for the Missionaries and their families.
4. To provide clean water sources (water well/borehole) and toilets for the mission stations, each impacting about 1,500 people.
5. To impact about 1,500 persons per mission field through medical outreaches, provision of clothing, foot wears, raw foods, Bibles and Christian literature.
6. To conduct outreaches in each mission field, winning at least 300 souls per outreach.
